

THE MAVERICKS. SILVER LINE'S CATLIKE SKI AND SPEED BOATS.

Maverick These boats were made to be fast. And tough. If speed and waterskiing are primarily what you want your boat for, by all means buy a Maverick.

You can, of course, ski very well behind any of our family boats. You can make them go very, very fast. With absolute safety, and in utter comfort.

The Mavericks, however, are built primarily for the man who wants to go all-out all the time.

Their hulls are identical in design to those of our family boats. (It is the business of a good boat designer to shape a hull which will start, stop and turn cleanly at any speed. Our designers are exceptional; their hull performs accordingly. When you have a hull design like ours, you put it on all your boats.) But the hull of a Maverick is constructed somewhat differently: the fiberglass is thicker, and strongly reinforced to take the punishment of constant speed.

The Maverick's seats, too, are more thickly padded. We want you to be so comfortable you don't know how fast you are going.

This, then, is a boat for a special purpose. Much as a sports car is a car for a special purpose. If you have the purpose, you'll want the boat.

For the second year in a row, our boats are pictured at John Haugland's Cool Ridge Resort on Big Sand Lake, in Minnesota's Park Rapids lake region. The models are not professionals, they're people who happen to enjoy boating. Photography by Anthony Lane, who likes to get out in a boat himself. Backgrounds by Mother Nature.

Boat Series	Gunwale Length	O.A.L.	Max. Beam	Bow Depth	Transom Width	Transom Height	App. Wt.	Max. H.P.	Max. Cap.
Maverick 14	14' 5"	13' 7"	64"	33"	57"	15"	460	50	890
Maverick 15	16' 2"	15'	76"	36"	66"	20"	690	100	1268

MAVERICK COLORS: red and white, blue and white, or Mocha brown and white.
